PRINCIPAL REASON(S) OR PURPOSE FOR PROPOSING THIS RULE: [see §8057-A(1)(A)&(C)]

The Land Use Planning Commission is seeking public comment on proposed rule changes to comply with PL 2017 Ch. 142, 128th Legislature. Specifically, §12 of Ch. 142 requires the Commission, by July 1, 2018, to “adopt rules related to commission certification of metallic mineral mining permit applications in accordance with the Maine Revised Statutes, Title 38, section 490-NN, subsection 2.” Also, the section requires that, “Rules adopted pursuant to this section must include any additional provisions necessary to ensure consistency with the Maine Metallic Mineral Mining Act and rules related to the Maine Metallic Mineral Mining Act adopted by the Department of Environmental Protection.” Proposed changes include a repeal and replacement of the Commission’s Chapter 13 rule, renaming Chapter 13 to *Metallic Mineral Exploration and Mining Certifications*, updating provisions for metallic mineral exploration, adding provisions for mining certifications, and amending the Commission’s Chapter 10 rule to ensure consistency with Chapter 13 and clarify the relationship between the two chapters.
