4. Draft Policy Regarding Interpretation of CMR 01-01A, Chapter 26, Section 3(B) Notification and Posting in the Context of Powered Application of General Use Antimicrobial Pesticides for Routine Cleaning

On December 31, 2021 Executive Order 7-A FY 20/21 was signed and expanded exemptions from commercial pesticide licensure to certain institutions implementing routine cleaning for SARS-CoV-2. Staff at hospitals, colleges, universities, municipal and county facilities are now exempted from commercial licensure for the powered application of general use antimicrobial pesticides. The EO did not provide exemptions from any other regulatory requirements—such as posting and record keeping. At the January 20, 2021 meeting of the Board staff asked for an interpretation of the applicability of existing posting requirements for facilities making multiple applications, to multiple locations, daily.

Presentation By: Megan Patterson, Director
