Responding to Corrections Requested

For permit by rule (PBR) applicants: A correction request means your application was reviewed and cannot be approved without additional and/or corrected information. You may not proceed with the activity until you receive a notification that your permit has taken effect.

For other applicants: A correction request means your submission cannot be processed further without additional and/or corrected information. However, this correction request does not affect your application processing timeline.

You will be notified via email that your application/submission requires corrections, as demonstrated in Figure 1, below.

Select “Revise” on the relevant application, as demonstrated in Figure 4 below.

Figure 4: Revise Application

The screenshot shows a web interface for an application. At the top, it says 'Application HQ9-YWZN' and 'Land Licensing Consolidated Application'. Below that, 'Gorham-' is visible. A red banner with a white exclamation mark icon contains the text 'REQUIRES RESUBMISSION - ACTION NEEDED'. To the right of this banner, there is text: 'Solar Decommissioning. The original submission was received on 2025. Contact [redacted] at [redacted] with questions.' On the far right, there is a yellow button with the word 'Revise' in green text.

Navigate to the specific corrections requested using the right-hand menu, as demonstrated in Figure 5 below.

Figure 5: Correction Requests

The screenshot shows a 'Correction Requests' menu with an orange header bar containing the text 'Correction Requests' and a small circle with the number '2'. Below the header, there are two items, each with an orange exclamation mark icon. The first item is labeled 'CREATED STORMWATER CONSTRUCTION ACTIVITY QUESTIONS 3.13 Test'. The second item is labeled 'CREATED AGENT > WILL AN AGENT BE REPRESENTING YOU FOR THIS PROJECT? 3.13 [redacted]'.

Respond to the correction request by editing the application and/or adding a comment, as demonstrated in Figure 6 below.
